COLLEGE OF TECHNOLOGY

THE 40TH ANNUAL
**AWARDS
RECEPTION**

APRIL 28, 2022
CRIMSON AND GOLD BALLROOM
OVERMAN STUDENT CENTER

Good Evening!

Welcome to the College of Technology 40th Annual Awards Reception!

We are delighted that you have taken time to join us as we celebrate this year's accomplishments of the students, faculty and staff of the College of Technology.

During this evening's program, please take time to read the details for the many scholarships and awards which will be given. Those details include who originated the scholarship or perhaps, in whose memory the scholarship was established, and finally, the purpose of the scholarship. We do hope that you find this information informative as well as quite interesting. Throughout the evening program, I think you will see the diverse nature of our College scholarships and awards. As a College, we truly appreciate each and every one of them as they provide additional support for our students as they continue to pursue their degrees. In many cases, these scholarships have made the difference on whether or not a student could continue or complete their degrees, and for that, we certainly thank those responsible.

Once again, thank you for attending this evening's event and celebrating with us. We certainly hope you will enjoy the evening.

Sincerely,

Dr. Bob Frisbee
Dean of the College of Technology

Pete J. Holman Diesel Outstanding Senior Award

The Pete J. Holman award is the highest award given to a four-year diesel student. In 2008 the faculty decided to begin distinguishing a top Diesel graduating senior. Pete Holman graduated from PSU in 1963 from the College of Business. He had a very successful career at Caterpillar Corporation working heavily in the mining group. Mr. Holman is well known internationally for his expertise with Caterpillar mining equipment. In 1993, Mr. Holman began serving on the four-year automotive advisory board, and is the person who can be most attributed to the rebirth and growth of PSU's Diesel and Heavy Equipment curriculum. He has been instrumental in guiding the curriculum, advising the department, and guiding graduates into a career path at Caterpillar Corporation.

M.L. Lee and Noretta Caldwell Technology Scholarship

The Caldwell Scholarship was established in honor of Merritt "Lee" and Noretta Caldwell, lifetime residents of southeast Kansas. Mr. Caldwell is a second generation carpenter/builder and after learning the trade from his father he took over Freeto Construction which at the time was the largest construction company in the state of Kansas. The Caldwells retired in 1976 and started Golden Crown Properties in 1978. After sending his daughter, Barbara, through the College of Technology in the 1970's, they knew that Pittsburg State University was a great place. The Caldwells have been long time supporters of the University in many academic areas and in 2009, they decided to leave their legacy within the College of Technology by establishing the Merritt "Lee" and Noretta Caldwell Scholarship. Their scholarship was designed to encourage average students out of high school to excel within the College of Technology.
